Dedication

We, the Senior Class of '71, dedicate this issue of the PIRATE to Mr. Wayne Moyer. His sincere interest and devotion has been a great asset during the past four years. His sense of humor and willingness to help has made our high school years brighter while a keen sense of understanding has pulled us through many troubled times. All of these qualities combine to create an unsurpassed teacher-student relationship at Petrolia High School.

We hope, in this small way, to have shown our sincere appreciation to a man who has meant so much to each of us.

Class Prophecy

Due to an pollution, some residents are told this year that the class of '74 is being held in the abandoned pastures of Cave Cattle Company on the second May of 2000. Eugene A. Brown and the former Cathy Broday arrived at their maturing horses in an effort to fight pollution to rid Petrolia of station-wagon exhaust.

We find now that Larry Richman was a chair of Super Service Stations where he specializes in repairing front tires. Ann Bevington is still living in Chicago due to the fact that he has never been able to get passed the first stop sign. Seniors say you can find Ann anywhere. Bill Cadenaves finally joined the team of the New York Knickerbocker as a third water boy and since last season he always hangs out with the team. The were famous Harrison Brothers Bill George after attending six years of the American Academy in Colorado and \$15,000 later in completing the Santa Desert. Max Geaves is a Super Service store where he specializes in wheel and tire repairs and also does a lot of work on mobility. Mike Lister still comes after school to work for Coach Barbara Lutzon while the young lady great white star is also on the Santa Desert. What about Bill George must look for a big job with Howard. Frances has recently acquired a job for his novel *The Road to the Center of the Earth*. Martin Hager after graduating from Anderson's School went into partnership with Big Jay. Lawyer Margaret Morgan was barred after losing her temper and severely beating the judge.

Jack Patterson has recently received the art of painting by learning to paint by the "Shades" and Steve Herring. Kathy Taylor recently led the Women's Liberation Movement through Market Square Garden. Rebecca Van Hiss acquired the right paying job of changing light bulbs at Grand Central Station. Cathy Van Hiss recently won a contest as the best dog caller in Boone County. Gary Skitter is presently residing in China where he feels he is more at home. Dave Harwell was voted the "World's Most Personable Male Speaker" Kenneth Sherrill is still attending P.H.S. where he was elected to the Concession Stand Hall. Fance Jarce Reed opened a new bar for the school and is now a teacher. P.H.S. students Larry Rennie recently took 1st honors in the Mr. America Contest. Congratulations Larry. Glenn Stover after playing 12,967 games of Solitaire finally won. Shirley Jones is holding down her job as a cashier for the Petrolia Dog Show. Bill and McGee have mastered the art of running a hot kitchen and elbows after four years of practice. Wilson Wright is now a student engineer at New York City commonly known as a trash man. Patt Van Winkle is now compacting garbage wood to fuel which is a lot better than certain someone. She tells us she's still trying.
